CLEMATIS JACKMANI

VINES for beauty

BITTERSWEET. 2-year No. 1 65c each; 3 for \$1.80

BOSTON IVY—Beautiful, verdant foliage in Spring and Summer, changing to crimson scarlet in Autumn. Clings to brick, stone or concrete walls—does best on north or east side of house in this area. \$1.20 each; 3 for \$3.30 2-year No. 1

ENGLEMAN IVY—A grand hardy clinging vine that is very thrifty. Turns brilliant red in fall. 65c each; 3 for \$1.80

GOLD FLAME HONEYSUCKLE—Everblooming trumpet shaped flowers. Fragrant flowers, bright red outside, yellow inside. 85c each; 3 for \$2.40

TRUMPET VINE—Upright growing vine. Trumpet shaped scarlet flowers in July and August. 75c each; 3 for \$2.10

LARGE FLOWERED CLEMATIS—Popular Hybrids with large brilliant blooms. The plants offered here are from 4-inch greenhouse pots and may be grown in the house until danger of frost is over when they can be planted outdoors. They are hardy and can go throughout winters nicely once they are established.

	Each	Per 3
Clematis, Baron Veillard, lavender	\$1.00	\$2.75
Clematis, Jackmani, purple flowers	1.00	2.75
Clematis, Madam Andre, red flowers	1.00	2.75

EVERGREENS

(B & B—extra
See Page 3)

PFITZER JUNIPER

The best known of the Junipers. Hardy with beautiful gray-green feathery foliage. A spreading type of exceptional beauty.

3-3½ ft.	5.00
3½-4 ft.	6.00

MUGHO PINE

A compact Dwarf Pine with long green needles.

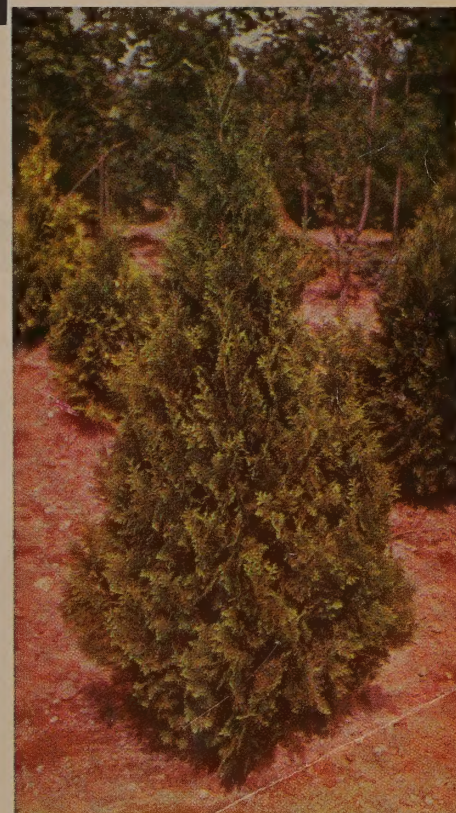

9-12 in.	\$3.00
12-18 in.	4.50

PFITZER JUNIPER

PINE, Mugho

PYRAMID, ARBOR VITAE

PINK PARFAIT

**ALL
2 Year No. 1**

**GARDEN
PARTY**

FAVORITE PATENTED AND HYBRID TEA ROSES

PINK PARFAIT (Pat. 1904)—A.R.R.S. winner for 1961. Has beautiful dawn pink blooms, high centered, and borne on long strong stems. From late Spring until Autumn will produce dazzling roses in profusion. Has all of the robust grandiflora characteristics.

Each \$3.50; 3 for \$9.90

NEW YORKER—A wonderfully beautiful A.A.R.S. Award winner. Has very large long lasting blooms of brilliant scarlet. The flowers are often 6½ inches across. Highly fragrant.

\$2.50; 3 for \$6.60

DUET (Pat. 1903)—A.A.R.S. winner for 1961. A thrilling new two-tone combination of soft salmon pink petals with petal reverse of glowing rosy crimson. Very vigorous and one of the most free blooming Hybrid Tea Roses. Large flowers beautifully formed and borne on a strong stiff stem.

Each \$3.50; 3 for \$9.90

GARDEN PARTY (Pat. 1814)—A.A.R.S. winner for 1960 Hybrid Tea Rose. Extra large flowers of creamy ivory beautifully flushed with pink on outer edges. The plant is vigorous and free branching producing a continuous succession of flowers.

\$3.00 each; 3 for \$7.95

PINK PEACE (Pat. 1759)—Hybrid Tea Rose. Has large, very fragrant non-fading pink blooms borne individually on long stems. A vigorous upright grower and very free blooming.

\$3.00 each; 3 for \$7.95

FIRE KING (Pat. 1758)—A.A.R.S. winner for 1960. Floribunda. Blood-red pointed buds opening to glamorous brilliant red blooms. Long lasting flowers 2½-3 inches in diameter. Has dark green foliage with reddish cast at tips.

\$2.50 each; 3 for \$6.60

SARABANDE (Pat. 1761)—Floribunda. Strikingly vivid clusters of bright orange red flowers semi-double with bright yellow stamens. Low growth habit and compact form make this plant ideal for border plantings. Blooms early and continuously.

\$2.50 each; 3 for \$6.60

PEACE—Pat. No. 591—Buds of golden yellow edged with pink. As they open color changes from canary-yellow, to pale golden, to iridescent cream. Petals are edged with apple-blossom pink.

Each \$2.50; 3 for \$6.60

VOGUE—Pat. No. 928—New Floribunda with brilliantly glowing cherry-coral flowers. Individual flowers three to four inches in diameter. Rich spicy fragrance.

Each \$2.00; 3 for \$5.25

FUSILIER (Pat. Applied for). AARS Award 1958. The new glittering orange-red All-America Rose Award Winning floribunda for 1958. A sturdy medium height plant bearing large clusters of vivid blooms continuously.

\$2.00 each; 3 for \$5.25

CARROUSEL—Pat. No. 1066—A rose of the new Grandiflora class. Large clusters of deep glowing red. Continuous blooming and a very strong vigorous grower.

Each \$2.00; 3 for \$5.25

CHRYSLER IMPERIAL—Pat. No. 1167—Vivid rich crimson color unmatched by any other red rose. Buds open to large, high centered flowers measuring up to five inches across. Has abundant, dark green, semi-glossy foliage. AARS winner.

Each \$2.50; 3 for \$6.60

GOLD CUP (Pat. Applied For)—AARS Winner for 1958. Pure golden yellow blossoms contrast beautifully with the glossy foliage. Good yellow floribunda roses are rare. This should be the best in its color and class.

Each \$2.00; 3 for \$5.25

QUEEN ELIZABETH—Pat. No. 1259—America's first Grandiflora rose. A new class formed to include the best features of the Floribunda and the Hybrid Teas. Taller, more vigorous than the Hybrid Teas with the abundant flowers of the Floribunda class. Flowers are a blend of soft carmine rose and dawn pink. Delightfully fragrant. Continuous bloomer.

Each \$2.50; 3 for \$6.60

FLORIBUNDA ROSES

EUTIN—Large clusters of very double, deep, red flowers.

FLORADORA—A brilliant scarlet and geranium red, very outstanding.

LAFAYETTE IMPROVED—Bright clear cherry red.

ROSE ELFE—Very large, double high-centered, pink, cluster on long stem.

DAGMAR SPAETH—Alabaster white edged pink.

POULSEN YELLOW—Gay golden yellow.

PINOCCHIO—Large sprays of pink blooms suffused with salmon.

Each \$1.25; 5 for \$5.10

CLIMBING ROSES

2-year-old \$1.35; 3 for \$3.40

BLAZE—Hardy, vigorous climber. Recurrent bloomer.

PAUL'S SCARLET—Most popular red climber.

DOUBLOONS—Large double, gold.

DR. H. J. NICOLAS—Deep rose pink.

HYBRID TEA ROSES

Everblooming Hybrid Tea Roses

CHARLOTTE ARMSTRONG—Recently patented. Long slender buds opening to large spectrum red blooms.

FRAU KARL DRUSCHKI—Very popular large pure white.

THE DOCTOR—Enormous flowers of satiny pink.

CRIMSON GLORY—Highest rated (9.1) red hybrid tea rose. Large crimson.

PICTURE—A velvety clear rose pink.

PRESIDENT HERBERT HOOVER—A combination of cerise toned orange scarlet and yellow.

ECLIPSE—Bud long-pointed, deep gold. Flowers yellow on long strong stems.

Select 2 yr. No. 1 plants—

Each \$1.25; 5 for \$5.75; 10 for \$9.95

HARDY BUSH ROSES

\$1.10 each; 3 for \$3.00

GROOTENDORST SUPREME—A sturdy bush bearing large clusters of bright red blooms. Hardy.

PINK GROOTENDORST—Similar to above except that the blooms are an exquisite pink.

HUGONIS YELLOW—Golden yellow blooms borne profusely. Very hardy.

CRIMSON KING MAPLE
(See Page 7)

DUET

PINK PEACE

Brownell

Sub-Zero Hybrid Tea Roses

2 Year No. 1

Can stand much more cold than most tea roses.

\$1.85 each; 3 for \$4.50

CURLY PINK—Large very double deep rose pink blooms borne profusely on a compact bush.

LILY PONS—Large high centered, spectrum yellow blooms on a long strong stem.

QUEEN O' THE LAKES—Double blooms of blood red to carmine. Glossy deep green foliage.

HARDY BROWNELL ROSES

EVERGREENS FOR FARM WINDBREAKS

**FRESHLY DUG, LOCALLY GROWN TREES
FULLY ACCLIMATED**

EVERGREENS FOR FARM WINDBREAKS

Increased business in the springs of '55 and '56 forced us to delay our transplanting into June with consequent heavy loss in transplanting. This, combined with our highest sales on record of windbreak evergreens in 1959, has just about put us out of the market on this item. We will sell the few that we have at no increase in price. We will be back with many again as soon as we can grow them up to salable size.

AUSTRIAN PINE

	Each
12-18 in.	\$1.50
18-24 in.	1.85

BLACK HILLS SPRUCE

Compact grower, very hardy—an ideal windbreak

	Per 10
12-15 inch, 2 trans.	\$10.00
15-18 inch, 2 trans.	12.50
18-24 inch, 2 trans.	18.50
24-30 inch, 2 trans.	24.50
30-36 inch, 2 trans.	30.00

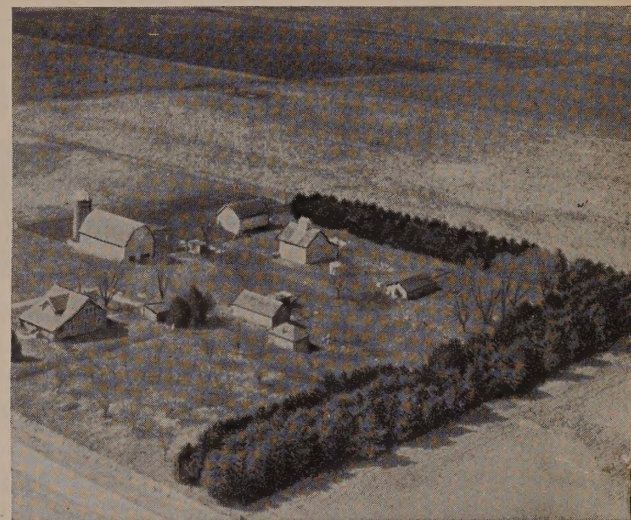

We do not like to ship evergreens nor have them dug for long periods of time, especially trees not B&B. Whenever possible we suggest that you call for and get freshly dug trees.

Extra Charge For Evergreens Dug With Ball and Burlapped

The increased cost of labor and material has made it necessary to make a slight extra charge for digging Evergreens with a ball, and burlapping for them. This additional charge is as follows:

**Balled and Burlapped for
45c extra per tree.
Machine Dug—No long wait**

DOUGLAS FIR

Noted for its rapid growth and its freedom from insect troubles, this tree is making big gains in popularity each year. As a small tree it is irregular, but by the time it has reached 3 feet it will be dense and symmetrical. Holds its branches to the ground. Recommended by Iowa State University.

**A fast grower, of open habit when small.
Makes an excellent tree.**

	Per 10
15-18 inch, 2 trans.	\$12.50

COLORADO SPRUCE

While the trees listed here are not the extra select blue shiners, many of them will develop into blue specimens. They are all grown from seed from selected blue trees. In other respects, the Colorado Spruce is very similar to the Black Hills Spruce of about the same rate of growth and just as hardy.

**A beautiful hardy tree, many will have a bluish cast.
One of the best windbreak trees.**

	Per 10
12-15 inch, 2 trans.	\$10.00
15-18 inch, 2 trans.	12.50
18-24 inch, 2 trans.	18.50
24-30 inch, 2 trans.	24.50

COCHECO

Chrysanthemums

POLAR ICE—A pure white double flower, 3 inches in diameter, flowering freely in early September.
CHAMPAGNE—Ivory shell pink. Large blooms on a strong stem. Late September.
COCHECO—Orchid pink cushion. Very compact. Stays in bloom a long time. Mid-September.
ORSONA—Red bronze. Bushy cushion growth habit. Mid-September.
COMPANION—Excellent gold blooms on a long strong stem. Late August.
JOYOUS—Bright rose pink. Well formed flowers on a good stem. Mid-September.

ADORABLE—Large bright rose pink. Very good. Mid-September.
LIPSTICK—Brilliant red. A real eye-catcher. Mid-September.
YELLOW AVALANCHE—Good large bright lemon yellow. Mid-September.
SEPTEMBER DAWN—Beautiful well formed shell pink. Mid-September.
YELLOW POMPONETTE—Bright yellow pompons. Short plant. Mid-September.
GEORGE LUXTON—Very good large golden bronze. Mid-September.
PATHFINDER—Clear warm yellow. Mid-September.

CLUMPS: 40c each; 5 for \$1.75

Rooted Cuttings (will bloom first season)

25c each; 5 for \$1.00

NEW! HARVEST GIANT MUMS—(Patent Pending)

The Largest Garden Mums Ever (disbud to get maximum flower size).

Imagine it! Football type mums 5 to 6½ inches across in your own garden. Among the earliest flowering garden mums. Sturdy plants. Strong stems.

FULL MOON—Pure white.
GOLD DUST—Bright golden yellow.
SEPTEMBER SONG—Rose pink.
INDIAN SUMMER—Deep bronze.
WHITE FROST—Pure white semi-incurred with flowers up to 5 inches.
JACK-O-LANTERN—A pleasing light lemon incurved. Flowers measure up to 5 inches.

TOUCHDOWN—The largest of the Harvest Giants. This superb deep rose pink standard produces flowers up to 6½ inches in diameter.
INDIAN SUMMER—A striking deep bronze with a golden reverse. Flowers of this excellent variety may attain a size of 6½ inches.
REDSKIN—Vivid burgundy red. Reflex type flowers that will measure up to five inches.

Potted Plants \$1.00 each; 3 for \$2.50

Select Gladiolus

LEIF ERICKSON—Buds of light chartreuse opening to a ruffled ivory. An Award of Merit winner.
WHITE GOLD—Huge creamy white flowers shading to gold.
ELMER'S ROSE—A deep rich heavily ruffled rose.

GARDENIA—A pure creamy gardenia white.
BURMA—Deep ruffled rose-red.
FANCY—New peach-pink.
KING DAVID—Large purple.
POINSETTIA—Ruffled red.
SANS SOUCI—Tall red.
SPOTLIGHT—Best yellow.

12 for \$1.00; 25 for \$1.75; 50 for \$3.00

RAINBOW ASSORTMENT

All colors—best varieties—not labelled
25 for \$1.29; 100 for \$3.60

Tuberous Rooted Begonias

The Most Glorious Blooms You Ever Saw

When you see these plants in bloom, you will hardly believe your eyes. Planted in partial shade, they will present a gorgeous profusion of giant, dazzling, brilliant, camellia-like flowers.

The bulbs may be dug after frost and dried, then replanted in pots for winter blooms.

Rose White Gold Scarlet Pink

5 Selected Bulbs for \$1.00

Hybrid Lilies

FIESTA HYBRIDS—The plants are tall, bearing as many as twenty nicely-spaced, reflexed and nodding flowers in color range from pale straw-yellow through vivid reds, blazing oranges to deepest maroon-reds. All flowers lightly sprinkled with small maroon-black dots. A sun loving lily.
HARMONY—A wide-petaled, upright-flowering lily in shades of rich and brilliant orange. Early flowering. Fine for cutting.
OLYMPIC HYBRIDS—A truly modern strain of trumpet lilies. Color range from soft creamy yellow through fuchsia pink to the rare icy green. Should be planted in light shade.
MID-CENTURY HYBRIDS—Here is a real mixture. All colors, types and shapes. They are easy to grow; very vigorous and gay as the summer sun. Why not plant a group of three or five of these fascinating lilies and see what you get.
ENCHANTMENT—Most beautiful new hybrid. Many large, cup-shaped, upright flowers of intense, blazing nasturtium-red. Late June, early July flowering; unusually long lasting.
GOLDEN CHALICE—Colors vary from clear yellow-lemon to rich, warm shades of gold and apricot-orange. Exceptional vigor; grows 2½ to 4 feet in height. June flowering.
HARMONY—An early flowering, brilliant orange Mid-Century Hybrid. Fine for cutting and large flower arrangements. Also recommended for forcing.

75c each; 3 for \$2.10

Beautiful Garden Lilies

Will Bloom This Summer

LILIUM AURATUM (Gold Band Lily)—White, spotted crimson with gold band. Flowers late July to September. Does best in partial shade. Very fragrant.

75c each; 3 for \$1.90

REGAL LILY—Easily the favorite lily. They thrive in a sunny location, often having more than a dozen large white lilies per stem.

35c each; 4 for \$1.00

RUBRUM—We are once more able to offer this excellent lily. The exquisite pink and red spotted flowers are in a class by themselves.

75c each; 3 for \$1.90

Peonies

Priced per division of 3 or more eyes

EDULIS SUPERBA—Early pink.

FELIX CROUSSE—Red.

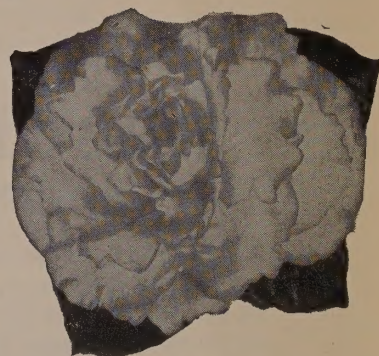

FESTIVA MAXIMA—White touched with pink.

All Named Varieties

75c each; 4 for \$2.50

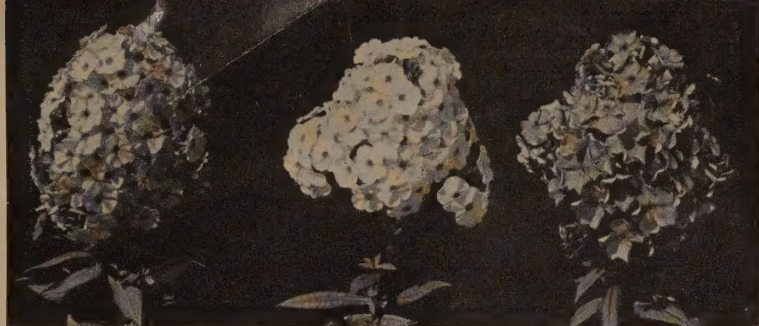

FELIX CROUSSE

TUBEROUS BEGONIA

REGAL LILY

AFRICA

MISS LINGARD

BRILLIANT

Hardy Phlox

Plant Phlox for glorious midsummer blooms

AFRICA—Brilliant carmine red with blood-red eyes.

MISS LINGARD—Pearly white, remarkable bloomer, the best early white known.

THUNDERBOLT—Brilliant tangerine-scarlet overlaid salmon-orange with eyes like rouge.

STARLIGHT—Rich violet, with an almost perfectly shaped white star in the center.

BLUE BOY—Free flowering blue.

BRILLIANT—Fiery scarlet, deeper eye.

DRESDEN CHINA—Very large soft pink, strong grower.

WM. KESSELRING—Dark violet with white eye.

35c each; 4 for \$1.25. Strong field grown plants. Will bloom this year.

Colorful Perennials

CHOICE FIELD GROWN

2 for 60c; 6 for \$1.50; 10 for \$2.50

DELPHINIUM BELLADONNA—The choice sky-blue variety so often seen in florists' arrangements. Very dependable.

DELPHINIUM BELLAMOSA—Same as Belladonna except deep blue.

SHASTA DAISY (Alaska)—One of the finest cut flowers. They are easy to raise and free bloomers. A large flowered variety with glistening white blossoms in late June and July.

PAINTED DAISY—James Kelney (Pyrethrum)—A superb flower for summer bouquets. A superior strain of large single red flowers.

DIANTHUS (Sweet William)—Interesting flower of pink, red, salmon, etc. Very choice for border plantings.

DIANTHUS (Pinks)—Spicy gay blooms for border plantings.

ORIENTAL POPPY—Large bright red blooms with jet black throat.

HARDY CARNATIONS—Ruby red Carnations are in a class by themselves for continuous blooms from June till frost. Plant in an exposed sunny location. Bright red flowers on a long stem. Flowers as large as greenhouse kinds.

GAILLARDIA—Monarch Strain.

Gaillardias produce a mass of brilliant bronze and gold flowers from July to September. They seem to do well even when neglected. A superior strain of large unusually bright flowers.

COLUMBINE (Mrs. Scott Elliot Strain)—Dainty extra long spurring varieties. Lovely pastel shades. Make a very good cut flower.

DIGITALIS—Excelsior Strain. An exciting new blend of colors on sturdy stems.

ECHINOPS—Globe Thistle. Ornamental thistle, blue flowers, 2-3 feet.

EDELWEISS—This interesting white-leaved plant is eagerly sought by tourists in the Swiss Alps.

LILY-OF-THE-VALLEY—Pure white, 6-8 inches. May and June, 3-5 eyes.

LUPINES—Russell's Hybrids. Solid spire of closely set Sweet Pea type blossoms. Require moist location in sun or partial shade.

PACIFIC GIANT DELPHINIUM

GIANT PACIFIC HYBRID DELPHINIUM

The best strain of Delphinium in existence. Planted in a sunny well drained location, these aristocratic plants will produce flower spikes over four feet high and individual flowers up to three inches across. If you want the best in Delphiniums, try these Pacific Hybrids.

50c each; 4 for \$1.75

COLUMBINE

McKANA'S GIANT—Large extra long-spurred flowers 3 to 4 inches across in a gay mixture of colors one of the showiest of all columbines.

65c each 3 for \$1.80

BRISTOL FAIRY

Grafted Double Baby's Breath. Every garden should have this dainty and delightful plant. Flowers double and pearly white, often dried for winter bouquets.

65c each; 3 for \$1.80

ROSY VEIL

A grafted baby's breath similar to Bristol fairy except the blooms are a dainty pink.

65c each 3 for \$1.80

DIANTHUS (PINKS)

BRISTOL FAIRY

HARDY CARNATIONS

ARTEMISIA SILVER MOUND—

Dwarf compact plant 4 inches tall and 12 inches in diameter. Bright silver fern-like foliage.

Each 45c; 3 for \$1.15

HARDY FERN

Orchard Plume—Very graceful with finely cut pinnules. For shaded places.

40c each; 10 for \$3.50

SHASTA DAISY

BLEEDING HEART

Old Fashioned Bleeding Heart. The old-time favorite with long graceful stems of rose-pink flowers. Blooms April and May.

60c each; 3 for \$1.75

FERN LEAFED BLEEDING HEART

Ever blooming.

40c each; 3 for \$1.10

OLD FASHIONED BLEEDING HEART

COLUMBINE

RASPBERRIES

GIANT LATHAM—This vigorous variety can be depended upon to produce a big crop of highly flavored bright red berries. Latham is the big market variety of Minnesota.

10 for \$2.10; 25 for \$4.50; 100 for \$16.00

SODUS—Large purple berries so sought after because of their unexcelled flavor.

10 for \$2.10; 25 for \$4.50; 100 for \$16.00

CHIEF—Giant red berries borne in great abundance.

10 for \$2.10; 25 for \$4.50; 100 for \$16.00

INDIAN SUMMER—A new everbearing Red Raspberry of exceedingly high quality. It will produce two crops in one season.

10 for \$2.75; 25 for \$6.00; 100 for \$20.00

BLACKHAWK—New Blackhawk Raspberry, a new and superior variety.

3 for \$1.00; 10 for \$2.80; 25 for \$6.00

GOOSEBERRIES—2-Year No. 1

DOWNING—Pale green.

\$1.00 each

RHUBARB

CHIPMAN'S RED—Best red.

80c each

ASPARAGUS

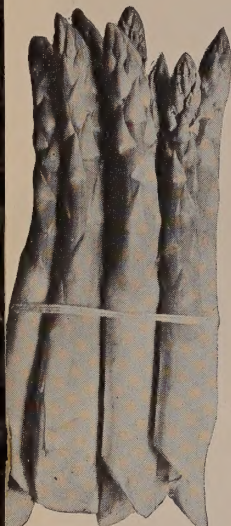

PARADISE—No. 1 plants.

50 for \$3.10; 100 for \$6.00

CURRENTS—2-Year No. 1

RED LAKE—New, light red berries, very productive.

75c each; 10 for \$6.00

PARADISE ASPARAGUS

GRAPES

Easy to grow.

Sturdy 2-year-old No. 1 plants.

CONCORD—The dependable grape—never fails to have a crop of big blue-black juicy grapes.

2 for 90c; 5 for \$2.00; 10 for \$3.50

NIAGARA—The best white grape. Large, sweet, juicy. Easy to grow.

2 for 90c; 5 for \$2.00; 10 for \$3.50

MOORE'S EARLY—A large blue-black grape of unsurpassed quality.

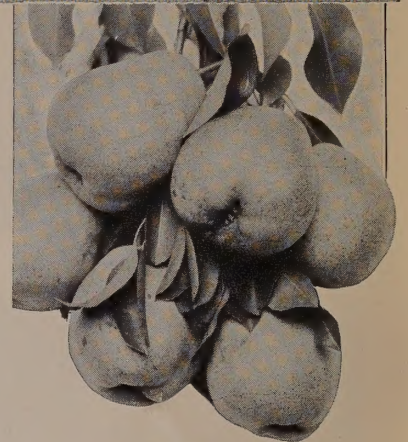

2 for 90c; 5 for \$2.00; 10 for \$3.50

FREDONIA—Of best quality. Fully 3 weeks earlier than Concord. Bears large clusters of blue-black fruit.

2 for 90c; 5 for \$2.00; 10 for \$3.50

CACO—Large red fruit. Spicy flavor.

2 for \$1.15; 5 for \$2.25

DOUGLAS PEAR

SOUR CHERRIES

MONTMORENCY—Dark red, high quality cherry, good for pies.

4-6 ft., \$2.35 each; 3 for \$6.10

EARLY RICHMOND—Bright red. Similar to Montmorency, but about two weeks earlier.

4-6 ft., \$2.35 each; 3 for \$6.10

PEARS

Delicious—Easy to Grow—Do Well Planted in Sod—Right in Your Own Yard!

DOUGLAS PEAR—Large, yellow and sweet. Bears on a very young tree. Blight resistant.

KIEFFER—Good sized delicious fruit.

5-6 ft., \$2.25 each; 3 for \$6.00

PEACH

POLLY—Fine quality, large fruit.

RED HAVEN—New early, delicious.

4-6 ft., \$1.85 each; 3 for \$4.50

APRICOT

SCOUT—Extra hardy, fine quality.

MORDEN No. 604.

4-5 ft., \$2.50 each; 3 for \$6.50

RED LAKE CURRANT

WE GUARANTEE COMPLETE SATISFACTION

WE GUARANTEE THAT WHEN STOCK PURCHASED FROM US ARRIVES, YOU WILL BE COMPLETELY SATISFIED. If, for any reason, you are not pleased with your order, mail it back to us at once and we either will refill your order or refund Your money, which ever you prefer. We guarantee our stock to be true to name and, if it should prove otherwise, we either will replace free of charge or refund purchase price.

We positively guarantee all stock sold by us to be State inspected and ship a duplicate of certificate of inspection with every order.

We have no control over weather conditions but will replace at one-half the purchase price any of our stock that fails to start if we are notified of failure before October 1. Notification should be accompanied by one-half purchase price. We cannot be liable for any damages other than herein named.

Above Guarantee is good only when account is paid in full within 30 days of receipt of goods. We do not guarantee winter hardiness.

DOWNING GOOSEBERRY

RHUBARB ROOTS

CONCORD

MONTMORENCY

Dwarf Fruit Trees

A great deal of interest has been shown the last few years in dwarf fruit trees. These trees are just the same as the standard trees as to fruit quality except they mature into small trees—very desirable for town lots or any other spot where space is limited. Bear young and have the same size fruit produced by the standard trees.

Dwarf Apple

Fireside—Delicious—Yellow Transparent, 4-5 ft.

\$3.75 each; 3 for \$10.50

Dwarf Pear

Bartlett—4-5'

\$3.75 each; 3 for \$10.50

Dependable APPLE TREES

DELICIOUS APPLE

ANOKA—Yellow streaked with red. Excellent flavor and bears very soon after planting. Season—August.

DUCHESS—Familiar harvest apple. A good eating and cooking apple. Season—August.

HARALSON—Very hardy tree. Bears heavily a good sized red fruit with fine keeping qualities. One of the coming apples of this region.

BEACON—Bright red—finest new summer apple, ripens shortly after Duchess. Keeps well.

NORTHWEST GREENING—One of the best northern winter apple trees. Fruit green, large, a good keeper.

WEALTHY—The most popular late summer and fall apple, fruit fine quality for cooking or eating, red.

WHITNEY CRAB—Fine apple for eating, red striped.

YELLOW TRANSPARENT—A heavy bearing, good eating summer apple, yellow.

RED DELICIOUS—One of the finest flavored of them all. Large fruit and heavy bearer. Good keeper.

FIRESIDE—Our highest quality eating apple. Rich in flavor, almost sweet. Fruit keeps all winter.

REDWELL—Similar to Wealthy, but has better color and keeping qualities. A recent Minnesota introduction.

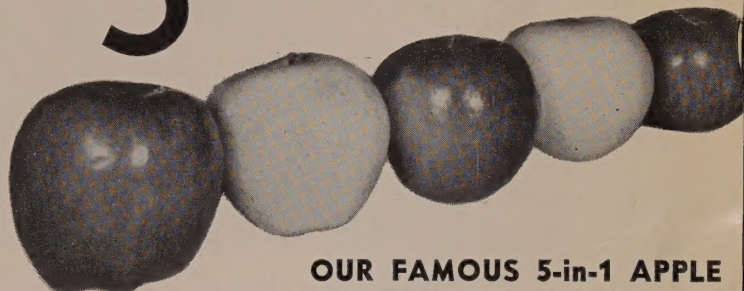

5-7 ft., \$1.65 each; 3 for \$4.80; 10 for \$15.00

Direct from Nursery to You

WANETA PLUM

5-IN-ONE

OUR FAMOUS 5-in-1 APPLE A Complete Orchard On One Tree

This splendid tree is ideal for small yards or any place where a real novelty is desired. Not just an ornament, the 5 in 1 tree will produce Whitney, Jonathan, Wealthy, Yellow Transparent, and Red Delicious all on one tree.

4 to 6 ft. Trees Only \$3.75; 5 for \$17.50

Strawberries

This Year Have Strawberries Fresh From Your Own Garden

JUNE BEARING

SENATOR DUNLAP—The old faithful of June berries. Never fails to produce a big crop of giant, sweet berries in June. Excellent for canning and freezing.

50 for \$1.50; 100 for \$2.75

CYCLONE—Introduced last Spring by Iowa State University at Ames. An outstanding variety with a sweet, delicious flavor. Topped all other varieties in Fruit Production Tests at Ames in 1960. Superb for freezing and preserves.

25 for \$2.00; 50 for \$3.45; 100 for \$5.95

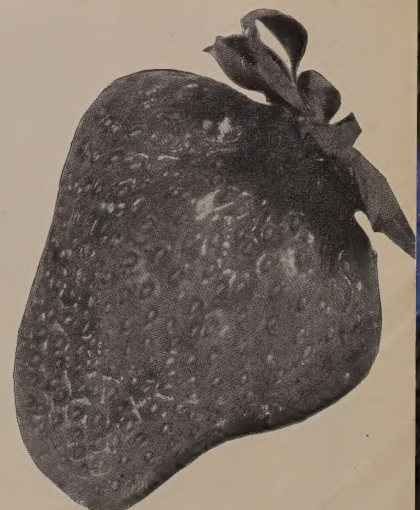

EVERBEARING

SUPERFECTION—The heaviest producing everbearer. Big, firm, juicy, bright red berries. In trial gardens at Iowa State gardens this berry produced 11,814 quarts per acre.

25 for \$2.00; 50 for \$3.25; 100 for \$5.95

OGALLALA—A sensational new hybrid strawberry that will bear this summer and fall. They are superb for eating fresh; have a fine, sweet, wild-strawberry flavor; and are excellent for freezing and for preserves.

25 for \$1.50; 50 for \$2.35; 100 for \$4.50

TARTARIAN HONEYSUCKLE

LOMBARDY POPULAR

WINDBREAKS TARTARIAN HONEYSUCKLE

The best shrub we know for filling in the bottom of groves and for snow fences or tall hedges. Perfectly hardy and easy to transplant. Will thrive in either full sun or partial shade. Is best when planted about 3 feet apart and untrimmed. Blooms heavily in the spring followed by bright berries liked by birds.

It's FUN to PLAN and PLANT

You can actually add much to the enjoyment of a planting if you plan and plant it yourself. Consult your garden magazines, your extension service bulletins and above all use your own original ideas. Make your planting show personality.

Do it yourself and save

BARBERRY HEDGE

Milford Nursery, Milford, Iowa

SHADE TREES

The choice shade trees offered in this list are carefully selected varieties that will thrive in your locality. They grow in Milford—they will grow for you.

ELM MOLINE

GREEN ASH

HYBRID ELM

GREEN ASH—A tall-growing, extremely hardy, native tree. Thrives over a wide territory, and is especially valuable for dry, cold locations.

5-6 ft., \$2.50 each; 3 for \$6.00

MOUNTAIN ASH—A beautiful ornamental tree with dark fern-like foliage, creamy-white blooms in the spring, followed by clusters of bright orange berries. Hardy, but needs water in hot, dry periods.

5-6 ft., \$4.00 each; 3 for \$11.50

CUT LEAF WEeping BIRCH—A truly graceful, beautiful tree. Has long, drooping branches, small, finely-cut leaves, and a very attractive white bark. It is easily transplanted and grows rapidly. We do not consider it a long-lived tree in this area; but its exceptional beauty makes us recommend it to you.

5-6 ft., \$4.50 each

BIRCH CLUMPS—A very attractive form of birch. While they vary somewhat, the clumps will average about three trunks growing from a single root. Their showy, white bark and graceful shape, dark foliage, and golden fall coloring combine to make them outstanding trees in the landscape planting.

4-5 ft., \$4.50 each; 3 for \$12.00

EUROPEAN WHITE BIRCH—An exceedingly graceful tree with white bark and slightly pendulous branches. Turns a golden yellow in the fall.

5-6 ft., \$3.25 each; 3 for \$9.00

AMERICAN ELM—The majestic, broad-spreading, native giant, familiar to everyone. In the past it has withstood cold, drouth and all other natural challenges. We think a high percentage of them will withstand the Dutch elm disease threat if it gets to our area. A very shapely and beautiful tree. Ideal for lawn and boulevard planting.

6-8 ft., \$1.75 each; 10 for \$15.00

HYBRID ELM—A very rapid-growing tree (some report 10 to 12 feet per year). Does well in even dry locations. A well-shaped, attractive tree. If you need shade in a hurry, this may be the tree you are looking for. Dutch elm disease resistant. Grafted trees.

5-6 ft., \$3.35 each; 10 for \$30.00

MOLINE ELM—A rapid-growing vase-shaped elm with large, dark green leaves. A very handsome tree, especially desirable for boulevard plantings where uniformity of size and shape is wanted.

5-6 ft., \$2.50 each; 3 for \$7.25 6-8 ft., \$3.25 each; 3 for \$9.50

CHRISTINE BUISMAN ELM—A recent Dutch elm disease resistant introduction. Has a very strong, straight trunk and is rapid growing. Will make a wonderful lawn shade tree.

5-6 ft., \$4.25 each; 3 for \$12.25

HACKBERRY—Rather slow growing, but very tough. A tree that withstands cold, drouth, high winds and all other natural vicissitudes. Often develops small twig clusters (witches' brooms) which, in our opinion, add to its attractiveness. Has a rough bark and general sturdy appearance.

5-6 ft., \$3.00 each; 3 for \$8.50

LINDEN (Basswood)—A beautiful, broad pyramid-shaped tree. Has large leaves and light gray bark. Fast-growing and very hardy.

5-6 ft., \$3.50 each; 3 for \$10.00 6-8 ft., \$4.50 each; 3 for \$13.00

SKYLINE LOCUST (Pat. 1619)—A stately and unusual variety with a distinctive pyramidal form. Branches are uniformly spaced and have heavy foliage.

5-6 ft. whips, \$4.50 each

SUNBURST LOCUST (Pat. 1313)—A broad pyramidal tree with sturdy branches. The foliage is rich green with 8 to 10 inches of bright golden leaves on the tip of each branch. Absolutely seedless.

6-7 ft., whips, \$6.00 each

SHADE MASTER LOCUST (Pat. 1515)—The strong, straight trunk and heavy foliage make this an ideal shade tree. Grows rapidly and does not need staking.

5-6 ft. lightly branched, each \$4.75; 10 for \$40.00

CRIMSON KING MAPLE (Pat. 735)—A real beauty. Shapely, dense form, and bright, rich red leaves all summer long. Like most beauties, needs some pampering. Plant in good soil, and water during drouth. The most outstanding tree offered in this area.

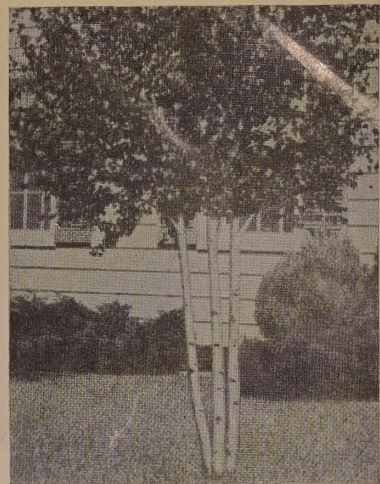

6-7 ft. whips, \$5.50 each

FAASSEN'S SCARLET MAPLE—A fine, well-shaped maple with dark red leaves which come out red in the spring and stay red all summer. Like all of the red maples, needs good soil and water.

6-7 ft., \$4.50 each

SILVER MAPLE (Soft Maple)—A very hardy, rapid-growing tree. Leaves finely cut, silvery-white underneath. Grows into a large tree, good for quick shade.

5-6 ft., \$2.00 each; 10 for \$19.00 6-8 ft., \$2.75 each; 10 for \$25.00

BIRCH CLUMPS

AMERICAN ELM

LINDEN, BASSWOOD

CUTLEAF WEeping BIRCH

SUNBURST LOCUST

SHADE TREES

NORWAY MAPLE—A hard maple of medium to fairly rapid growth. Develops a symmetrical, rounded top, and is very dense. Foliage is a beautiful dark green, turning yellow most of the fall.

6-8 ft. branched, \$5.00 each; 3 for \$14.00

HARD or SUGAR MAPLE—This beautiful, indigenous tree lasts for generations. Grows to a shapely, compact, large tree. The dark green leaves turn to shades of gold and red in the fall.

6-8 ft. branched, \$5.00 each; 3 for \$14.00

PIN OAK—The finest of all the oaks for this area. This tree actually grows almost as fast as an elm, once it is established. Grows into a shapely, glossy, dark green giant. One of the very few trees which will turn red in the fall in this area.

5-6 ft., \$4.00 each

6-8 ft., \$6.00 each

BOLLEANA POPLAR—The most beautiful poplar. Grows into a tall, slim pyramid, branching from the ground. The leaves are glossy dark green, silver on the under side, giving a beautiful silver-flashing effect in the breeze.

5-6 ft., \$2.00 each; 10 for \$19.00

8-10 ft., \$3.00 each; 10 for \$28.00

LOMBARDY POPLAR—A rapid-growing, narrow, columnar tree. Probably the most-used tree for accent and screen plantings.

4-5 ft., 50c each; 10 for \$4.00

GOLDEN WEeping WILLOW (Niobe)—An exceptionally graceful tree with long weeping branches and bright yellow bark. Easy and fast to grow.

5-6 ft., \$2.10 each; 3 for \$6.00

SYCAMORE—A very rapid-growing tree. Has nice straight growth habit. Very large, handsome leaves, and light, almost cream-colored, bark.

6-8 ft., \$4.00 each; 3 for \$11.50

RED BUD—This small tree puts on a real show early in the spring. It will cover with bright rose-lavender blooms before the leaves come out. Should be planted in a sheltered location.

3-4 ft., \$2.50 each; 3 for \$7.25

Flowering Trees for Beauty and Shade

Excellent for Accent or Specimen Planting

FLOWERING PLUMS

PURPLE LEAF PLUM—Purple leaves and shell pink flowers.

3-4 ft., bush form, each\$1.50

ROSE TREE OF CHINA (Prunus Triloba)—Double, flowering plum. An excellent small tree with rose-like pink flowers.

2-3 ft., each\$1.35

FLOWERING CRABS

HOPA—A very good crab. In spring the tree covers with large rose colored blossoms, followed by small reddish fruit.

5-6 ft., each\$2.35

ALMEY FLOWERING CRAB—Large blooms of glistening red petals, with white marking at base of each. Often blooms same year planted. Scarlet fruit retained until spring, furnishing food for winter birds.

4-5 ft., \$2.65 each; 3 for \$7.50

IMPROVED BECHTEL—A beautiful, double, pink, fragrant bloom. Fairly dwarf tree.

3-4 ft., \$2.25 each; 3 for \$6.00

ROSE TREE OF CHINA

HOPA CRAB

Colorful FLOWERING SHRUBS

HOW TO GROW SHRUBS Any good growing soil is excellent. Spade deeply and work down well, as you would for a garden crop. Keep shrubs 20 to 25 inches away from the foundation. Set deeply and firmly, the larger growing types 24 to 36 inches apart, with dwarf varieties 12 to 18 inches apart. Trim back the tops to insure quicker, better growth, then keep them cultivated the first year or two, watering them in the evening during dry spells. After the first year they will require little care other than any annual pruning you may wish to give them. Each year's growth will add to the charm of your planting, and to the size and quality of the blooms.

PINK FLOWERING ALMOND—Double flowering shrub usually in bloom about Memorial Day.

2-3 ft., 80c each; 10 for \$7.50

BARBERRY (Thunbergii)—A beautiful bright green compact shrub with loads of scarlet berries in the fall. Hardy everywhere.

18-24 in., 65c each; 10 for \$6.00

BARBERRY, RED LEAF—Similar to the Green Barberry except that the leaves, when planted in a sunny location, are a bright red.

15-18 in., 75c each; 10 for \$7.00

COTONEASTER—Has bright green glossy leaves, turning rich scarlet in the fall. A fine shrub for tall hedges and specimen plantings.

2-3 ft., 75c each; 10 for \$6.00

VARIEGATED DOGWOOD—A beautiful shrub with variegated green and silver leaves. Shrub colors a bright red in winter. Does well in sun or semi-shade.

18-24 in., \$1.50 each; 10 for \$14.00

2-3 ft., \$1.75 each; 10 for \$16.50

DOGWOOD, RED BARK—A shrub that is particularly showy in the winter when its blood red twigs form a sharp contrast to the snow.

2-3 ft., \$1.10 each; 10 for \$10.00

DWARF NINE BARK—Compact dwarf shrub. Very good for foundation plantings.

2-3 ft., 75c each; 10 for \$7.00

EUONYMUS ALATUS—Interesting corky bark. Leaves turn brilliant crimson in autumn.

2-3 ft., \$3.00 each

EUONYMUS ALATUS COMPACTA—A dwarf, compact form of Euonymus ideally suited for foundation plantings. Yellow flowers followed by red berries. Foliage turns brilliant coppery crimson in fall.

2-3 ft. specimens, \$3.50 each; 2 for \$6.25

FORSYTHIA—The first to flower in the spring. The shrub covers with golden yellow flowers before the first leaf is seen. Sometimes this shrub will be in bloom while snow is still on the ground.

2-3 ft., \$1.00 each; 10 for \$9.00

GOLDEN ELDER—A beautiful large shrub for a sunny location. Its golden yellow foliage adds much interest to any planting.

2-3 ft., \$1.10 each; 10 for \$10.00

HYDRANGEA ARBORESCENS (Hills of Snow)—A summer flowering hydrangea that bears lots of snow white round flowers. Does well in shade.

18-24 in., \$1.10 each; 10 for \$10.00

HYDRANGEA P. G.—This shrub follows the above in blooming season, bearing large cone shaped flowers that turn from white to pink to bronze and last for weeks. A hardy shrub that does well in a shady location.

18-24 in., \$1.10 each; 10 for \$10.00

BLUE PRINCE HYDRANGEA—Large blue flowers. Blooms in July and August. Semi-hardy, needs winter protection. Add one tablespoon of aluminum sulphate per plant to get blue color in our soils.

2 yr. plant \$1.25 each; 10 for \$11.00

HIGH BUSH CRANBERRY—A beautiful fall shrub that has large clusters of bright red waxy berries in the fall and winter.

18-24 in., \$1.00 each; 10 for \$9.00

TAMARIX FLOWERING—Has fine feathery foliage colored gray-green and in early summer covers with mist-like dark pink flowers.

2-3 ft., \$1.10 each; 10 for \$10.00

NEW DWARF HYPERICUM—A new prostrate variety very useful as a facer plant or ground cover. Large waxy, golden yellow flowers practically all summer. Tops cut to about 10 inches.

\$1.00 each; 3 for \$2.85

LILAC, PERSIAN (Rothomagensis)—A fine shrub for specimen and hedge planting. Blooms great quantities of lavender sweet scented flowers. Has an attractive foliage

2-3 ft., 90c each; 10 for \$8.00

PHILADELPHUS BOUQUET BLANC—Each bloom intensely fragrant, glistening white.

18-24 in., \$1.20 each; 10 for \$10.00

PHILADELPHUS VIRGINALIS—Semi-double, fragrant white flowers, much larger than any other variety. Blooms intermittently all summer.

2-3 ft., \$1.10 each; 10 for \$10.00

FLOWERING JAPANESE QUINCE—An attractive shrub with deep green leaves and waxy scarlet flowers.

2-3 ft., \$1.15 each; 3 for \$3.00

SNOWBERRY—An improved snowberry ideal for a shady spot. Has a dainty foliage and a white berry.

2-3 ft., 50c each; 10 for \$4.00

SNOW BALL—One of the old time plants that has survived by its merits. Has many large ball shaped white clusters of flowers in May. Thrives in shady location.

2-3 ft., \$1.50 each; 10 for \$14.00

18-24 in., \$1.35 each; 10 for \$13.00

BRIDAL WREATH (Spirea Van Houttei)—If you want a shrub that you can depend on to bloom profusely under most any condition, try Bridal Wreath. For years this fine shrub, with its cheery white, gracefully arched sprays of blooms, has been used for Spring bouquets and Decoration Day bouquets.

18-24 in., 40c each; 10 for \$3.50

2-3 ft., 50c each; 10 for \$4.00

BLUE SPIREA—Low growing shrub, covered with numerous clusters of powdery blue fringed flowers from August until frost. Roots are hardy but tops die back in winter like a perennial.

2 yr., old, 50c each; 10 for \$4.00

SPIREA FROEBEL—Medium sized spirea with lots of rose-red clusters of flowers in midsummer.

12-18 in., 55c each; 10 for \$5.00

SPIREA ANTHONY WATERER—Blooms from July until frost. Ideal for borders. This dwarf plant is our most popular small shrub. The flowers are borne in rose-red clusters.

15-18 in., 80c each; 10 for \$7.50

FERN LEAF SUMAC—Soft fern-like foliage so desirable for shrub borders.

2-3 ft., 90c each; 10 for \$8.00

PUSSY WILLOW—Large pinkish pearl pussies.

3-4 ft., \$1.00 each; 10 for \$9.00

HIGH BUSH CRANBERRY

An Evergreen Foundation Planting

PFITZER JUNIPER
(See Page 1 for prices)

SAVIN JUNIPER

EVERGREENS

BLUE HAVEN JUNIPER

A very outstanding bright silvery blue Juniper. Trims into a neat Pyramid. Gets bluer as the season progresses. **Each**

18-24 in. \$5.00
24-30 in. 6.00

WOODWARD GLOBE ARBOR VITAE

A bright green globe. Keeps its ball-like shape without trimming. Very popular. **Each**

12-18 in. \$2.50
18-24 in. 3.50

MOERHEIM BLUE SPRUCE

Grafted trees are uniform in color, all producing bright powder blue color.

Each
24-30 in. \$10.00

AMES JUNIPER

An Iowa State University introduction. A formal compact pyramid that holds its shape with very little pruning. Ideal plant for semi dwarf foundation planting. **Each**

18-24 in. \$4.50

WELCHI JUNIPER

A bright silvery blue juniper of exceptional beauty. Sheared to pyramids. **Each**

2-2½ ft. \$5.00

DUNDEE JUNIPER

A grafted tree of deep gray-green foliage in summer, turning to a dark plum color in winter. Grows naturally into a pyramidal shape. (Sheared to pyramids.) **Each**

2-2½ ft. \$5.00
3-4 ft. 7.50

GOLDEN PFITZER JUNIPER

A Juniper similar to the Pfitzer except that the foliage during the growing season is a bright golden color turning to deep bronze in winter. **Each**

15-18 in. \$2.50
18-24 in. 3.50

SIBERIAN ARBOR VITAE

So named because of its rugged constitution. While not a true dwarf it is easily held down by occasional trimming. An excellent tree for foundation plantings. **Each**

18-24 in. \$3.50
24-30 in. 4.50

ANDORRA JUNIPER

A low spreading Juniper of extreme hardiness. The foliage is bright silvery green in the summer turning to purple with first hard frosts of autumn. An ideal tree for foundation and rock garden plantings. **Each**

1½-2 ft. \$3.00

MANEY JUNIPER

A semi-erect, bushy Juniper introduced by the late Prof. T. J. Maney of Iowa State University. Fills a need for intermediate sized irregular plants in the landscape planting. Tolerates heavy pruning. **Each**

18-24 in. \$5.50

SAVIN JUNIPER

Easily transplanted, beautiful, dependable. Has dark green foliage and graceful spreading branches. About three feet high at maturity. A favorite for foundation plantings. **Each**

12-18 in. \$2.50
18-24 in. 3.50
2-3 ft. 4.00

Add 45c Each for Trees Dug with Ball & Burlapped.
